## Viet Reds Kill 4 More Yanks

SAIGON, South Viet Nam UPI — Four American soldiers were reported killed today when their helicopter was shot down by Communist ground fire.

An eyewitness told United Press International that the incident occurred during a massive government assault on a Communist guerrilla stronghold in the strategic Mekong River delta 65 miles south of Saigon.

The men were aboard an HU-1B helicopter which was flying in support of the Vietnamese government troops.

If the deaths of the four U.S. Army men are confirmed, they will bring to 136 the number of Americans killed in Viet Nam since the U.S. military advisory assistance program was inaugurated here in 1961.

So make that trip now and shop downtown before it gets bad again. Thank you again Greencastle city maintenance workers for a giant job well done.

## DePauw Receives Grant For Science

Science education at DePauw University has been enriched by a grant of \$7,500 from the Du Pont Company, it was announced today by President William E. Kerstetter.

The award, composed of three \$2,500 allocations, is aimed at enhancing and strengthening the teaching of science and related subjects and for providing graduate scholarships for summer study and research.

DePauw's chemistry department has been selected for one \$2,500 gift which will be used primarily for special instruments, scientific books and undergraduate research.

Five other departments—botany-bacteriology, zoology, geology-geography, physics and mathematics—will share a corresponding grant.

Five to eight science and mathematics scholarships for summer study in 1964 are provided under terms of Du Pont's third award.

Covering tuition and living expenses for a five to eight weeks' program, the scholarships will be offered by DePauw to June graduates who are preparing to teach high school mathematics or science this fall.

## Firemen Called

City firemen were called to the home of Dr. W. J. Krider, 205 Hillsdale, at 12 noon Thursday.

The firemen reported that Dr. Krider's 1961 Buick developed overheating in the automatic transmission.

## Seven Counties Failed To File

INDIANAPOLIS UPI — Seven Indiana counties failed to file a school reorganization plan or obtain an extension of the legal deadline for such filing, but no immediate action is likely by the Indiana School Reorganization Commission.

A summary was completed Thursday which shows that Du Bois, Fulton, Grant, Hendricks, Howard, Newton and Steuben did not file county committee plans with the state office, apparently because no county committees exist in these counties.

However, some school reorganization has been done in two of the counties, even without a committee, by the local residents. The report shows that both Hendricks and Newton have gone as far as they can go for the present on reorganization.

Some of the various things they did during their six weeks in Kenya were youth center work, and construction of an athletic field.

Miss McKee gave a very informative and interesting speech on the people of Africa.

## Rates Going Up On Parcel Post

WASHINGTON UPI — Parcel Post rates are going up.

The Interstate Commerce Commission ICC Thursday approved rate increases expected to cost the public about \$75.4 million a year. The increases average 13.1 per cent but vary according to the mailing distance.

It is now up to the Post Office Department, which is required by law to get ICC approval before raising the Parcel Post rates, to set the date that the new rates go into effect.

## Bourbon For Bourbon

PLYMOUTH, UPI — The sale of bourbon was legalized in Bourbon today for the first time in the memory of oldtimers.

The Marshall County Alcoholic Beverage Board approved by a 3-0 unanimous vote a three-way beverage permit for American Legion Post 424 at Bourbon, the first time the post's application ever had been accepted.

## Lepers Demand Higher Wages

BUENOS AIRES UPI — Lepers at the Sommer Sanatorium in southern Buenos Aires Province went on strike today in support of demands for higher pay.

Patients at the sanitarium are paid 50 to 55 cents a day for performing various chores. The money helps to defray the cost of food and medicines.

## Air Guard Will Train In Georgia

INDIANAPOLIS UPI — The 1,800 members of the Indiana Air National Guard's 122nd Tactical Fighter Wing will hold their summer training in August at Savannah, Ga.

Maj. Gen. John S. Anderson, Indiana adjutant general, said Thursday that the wing had reserved Travis Air National Guard Base at Savannah for the entire month of August.

He said specific dates for the 15-day training periods for the wing's three fighter groups will be set at a meeting next Monday at wing headquarters, Baer Field, Fort Wayne.

Training sites for the Indiana Air Guard's weather and communications units will be announced later.

The fighter wing has groups based at Fort Wayne, Terre Haute and Toledo, Ohio.

## DePauw Coed Is Rotary Speaker

Norman Knights introduced Janet McKee, DePauw student, as the guest speaker of the Greencastle Rotary Club Wednesday noon.

Miss McKee was with a group of students who went to Africa this past summer under the auspices of Operation Crossroads, an organization which was founded five years ago to send students to different parts of Africa to work with the people there. They are really unofficial ambassadors of the United States. Their philosophy is to know the people better by working with them. They work in integrated groups with Negro leaders.

Some of the various things they did during their six weeks in Kenya were youth center work, and construction of an athletic field.

Miss McKee gave a very informative and interesting speech on the people of Africa.

PANAMA CITY UPI — Leftist-led university students scheduled a "patriotic mass rally" here tonight—the second in 48 hours—to support demands that the United States agree to revise the Panama Canal Treaty.

In Washington, Secretary of State Dean Rusk said Thursday that the United States is willing to discuss mutual problems with Panama but will not negotiate under threats of violence.

He said the United States still feels the trouble in Panama "can be resolved, in the absence of violence, and with the restoration of relations and discussions between the two governments."

Advance publicity said the mass meeting at 7 p.m., EST would urge those present to "reject aggressor imperialism" and "show the world the Panamanian people are alert against the Yankee assassins."

"Aggression" and "assassination" are terms used by Panamanian extremists to describe the U.S. defense of the Canal Zone against armed marauders during last week's anti-American riots, in which at least 21 persons, including four U.S. soldiers, were killed.

Meanwhile, Panamanian Foreign Minister Galileo Solis and Chilean diplomat Manuel Trucco were seeking means of breaking the deadlock over resumption of diplomatic relations between Panama and the United States.

Solis and Trucco—one of the inter-American peacemakers sent here last week by the Organization of American States—were closeted together at the Hilton Hotel here until well after midnight.

## Dixie In Path Of Heavy Snow

A freak storm piled up as much as 10 inches of snow in northern Texas today then headed east. Heavy snow, sleet and hazardous driving warnings were posted all the way to Tennessee and Georgia.

More than 6 inches of snow was on the ground at Dallas and Fort Worth, where two school districts called off classes for the day.

Houston received .77 inches of rain in six hours.

The Weather Bureau said that by mid-morning the Dallas snowfall totaled 7.2 inches, the biggest snow ever recorded there. The snowfall broke a record set 47 years ago.

The weather bureau said the threat of more heavy snow in Dixie would be reduced by rising temperatures during the day. Two inches of rain fell at Tallahassee, Fla., Thursday night and more than a quarter of an inch was reported at other southern stations.

Slush and ice covered streets in Dallas and Fort Worth today.

## High School Highlights

Principal Norman B. McCammon spent Tuesday through Friday at Schulte High School in Terre Haute functioning as a member of the North Central Evaluating Committee.

Trudy McCormick, senior, learned that she won the "Betty Crocker Award" of GHS on January 15, 1964. Senior girls all over the United States took the test on December 3, 1963. The examination which Trudy took consisted of 100 multiple choice questions and one discussion question.

Sponsored by General Mills, Inc., The Search program is in its tenth year. The purpose of the examination is to enhance the dignity and prestige of the American home; to stimulate interest in the art of homemaking; and to help emphasize the outstanding contributions to the home made by high school teachers throughout the United States.

Trudy plans to attend Indiana State College this fall and enter

the field of elementary teaching.

A pep session was held Friday at 3 p.m. in the school gymnasium to cheer on the GHS Tiger Cubs for basketball games Friday night at Schulte and Saturday evening here against Crawfordsville. Members of the Junior Class presented a skit as part of the pep session.

"There's no business like SNOW business" was the theme for G.H.S. students this week. The students feel school is more exciting when it's harder to get there. But "neither snow nor sleet nor drifts of fourteen feet can keep the Greencastle students and faculty from their beat!"

Help! this is the reaction of most GHS students as they face upcoming semester exams. Especially since some teachers are cooking up two and three-finals! By the afternoon of January 24, all tests will be finished and most students' troubles will over or just beginning!

## Assails Civil Rights Measure

Willis led off what is expected to be a long series of attacks by

Southern congressmen at hearings before the House Rules Committee on the legislation. It is

aimed at barring discrimination

in voting, schooling, jobs, public accommodations and use of federal funds.

Willis called for a slowdown

rather than a speedup in consideration of the legislation, approved late last year by the House Judiciary Committee. He said it should be sent back to committee for more "calm and deliberate" consideration.

## THE DAILY BANNER'S NEW HOME IS TAKING SHAPE

Work on the interior of The Daily Banner's new home is well underway as these two pictures show. The top view is the business office and the other is the composing room over the basement which will house a rotary press and stereotyping department as well as the circulation department. It was necessary to install steel girders for the composing room which will be 35 by 48 feet and the weight will be about 30 tons. The business office will have wood paneling and the front of the building will be changed. The entire building will be completely air-conditioned. The new Banner Plant will be on South Jackson Street across from the present location.

Undergoing its once-a-decade refinishing is this, 88-year-old piece of statuary of the Clement Studebaker children. Dominating the entrance of DePauw University's Studebaker Memorial Administration building, the completely sculptured, 3500-pound alabaster statue is being polished by building custodian Carl Johnston. Depicted left to right

are Clement, Jr., five years old when the work was done by R. H. Park in Florence, Italy, George, 11, and their sister, Anne, 8. The children and their mother, now all deceased, gave DePauw \$58,000 in 1916 to construct the memorial building in the name of their father and husband. The elder Studebaker, 1831-1901, was one of the five famous sons who established the

Studebaker manufacturing company in South Bend in the mid-1800's. He also was a DePauw trustee from 1881-1892. With this statue are busts of the parents done by Lorado Taft, one of America's foremost sculptors at the turn of the century. Anne Studebaker Carisle is the mother of Mrs. LaFayette Porter, formerly of this city. Mrs. Porter now lives in California.

Pick Right Time To Refuse Trick  
By Alfred Sheinwold

It is sometimes advisable to refuse an early trick in an opponent's long suit even when you have two sure tricks in the suit. Be sure you start early enough to make your holdup play effective.

South thought of refusing the first spade trick but quite properly decided against it. A shift to hearts might be just as dangerous as a spade continuation.

After winning the first trick South led the eight of diamonds and let it ride for a finesse. East pounced on the trick with the queen of diamonds, comforting himself with the thought that he would be able to hold up the ace of diamonds the next time the suit was led.

When East returned a spade, South held up. This was perfectly effective. The delayed holdup was just as good as an immediate holdup.

CONTINUES DIAMONDS  
South won the third round of spades and went back to diamonds. East refused the trick, but his holdup was ineffective. Dummy won the second diamond trick and continued the suit to force out the ace.

No matter what East returned South could get to dummy with the king of hearts to run the diamonds, making a total of ten tricks.

Now go back to the second trick, when South led the eight of diamonds for a finesse. East's correct play is to refuse this trick.

When South leads his second diamond, East wins the trick and clears the spades. South cannot lead a diamond from his own hand. He can get to dummy with

## U.S. Willing To Discuss Canal

WASHINGTON UPI — The White House has restated U.S. willingness to discuss all problems affecting current tense relations between the United States and Panama.

Press Secretary Pierre Salinger said issuing the statement that "we do feel that in this particular time of difficulty there is a need 'for the exercise of highest responsibility' by all parties.

In asserting that "the United States government is ready and willing to discuss all problems affecting the relationship between the United States and Panama," Salinger told reporters:

"It was our understanding that the government of Panama was also willing to undertake these discussions.

"Our position is unchanged," Salinger made the comment when asked about what a reporter described as an adverse turn in the U.S.-Panama discussions.

The situation, which had appeared to be improving, became suddenly confused again Wednesday night when Panamanian President Roberto Chiari addressed a student rally. He said Panama would not restore relations with the United States unless it had assurances that subsequent peace talks would include negotiation of changes in the canal treaties.

The Defense Department announced yesterday that the U.S. military commander in the Canal Zone, Gen. Andrew P. O'Meara, had restored control of law and order in the zone to U.S. civilian authorities.

Gov. Robert F. Fleming, Jr., had turned control over to the military when the rioting got out of the hand of his relatively small police force. Officers emphasized, however, that the situation did not amount to martial law since constitutional guarantees were not suspended.

the king of hearts to set up the diamonds but can never get back to run them. Declarer therefore wins only seven tricks.

Dealer bids one club, your partner doubles, and the next player bids two clubs. You hold: S-Q 10 4 H-Q 10 9 8 3 D-A Q 2 C-J 5. What do you say?

Answer: Bid three hearts. This jump response is highly invitational, but not forcing. If your partner has minimum values for his takeout double he can pass and you should make your contract.

## LOOK WHAT IT'S COMING TO

IN EASTLAND, TEX., a TV cable crew steps beyond city limits to light up cigarets, perhaps in anticipation of the new no-smoking-cigarets ordinance, which goes into effect Feb. 20. It provides \$1,000 fine and up to three years imprisonment for anyone smoking or selling or giving away cigarets there.

AND IN DETROIT, Christine Milewski takes up cigars and a pipe instead of cigarets. She says she likes the pipe best (\$32.50), but smokes it only in the privacy of her home.

## Hoosier State Teen-agers Take Top 4-H Honors for '63 Efforts

### DePauw Girl Wins Trip to Chicago

Two college coeds, a high school senior and a young farmer won 1963 state awards in their favorite 4-H projects.

Fran Schellenberger, 19, DePauw, is winner in the dairy program. She is a sophomore in elementary education at Indiana University Southeastern Campus at Jeffersonville. A home economics student at Purdue University, Linda Fehd, 17, Elberfeld, won her laurels in dairy foods.

Public speaking winner in the boys' division is Kenneth Burk, 20, Centerville. After a year at Purdue University, he decided to rent a 160-acre farm and make farming his life work.

Judy Rexing, 17, Evansville, is public speaking winner in the girls' division. A high school senior, she has a scholarship to use at Indiana State College next fall. She was awarded the

Miss Schellenberger Burk

scholarship at State Fair Girl's School, which she attended as a result of her home economics leadership.

Miss Schellenberger received a trip to the 42nd National 4-H Club Congress from the dairy program sponsor, the Oliver Corporation.

While in Chicago, the Indiana delegates had an opportunity to visit the Art Institute, Museum of Science and Industry and Museum of Natural History. More than 55 business firms, foundations, associations and individuals sponsored the banquets and entertainment.

Wrist watch awards were given to Miss Fehd and Burk by their respective sponsors, the Carnation Company, and the Pure Oil Company. The latter sponsor awarded a set of silverware to Miss Rexing.

Miss Schellenberger has exhibited Jersey cattle at state fairs for six years. She won other state awards in food preservation and electric projects. Winner of the state award for efficient dairy production over all breeds in 1961, she was

## Homemaking Arts Earn 4-H Awards

Two Indiana girls who excel in homemaking arts have been honored for their 4-H work by the Cooperative Extension Service.

Judith Grenard, 19, of Crawfordsville, and Linda Binford, 17, of Linden, achieved every 4-Hers' goal—a trip to the National 4-H Congress.

Miss Binford Miss Grenard

Miss Binford, 1963 winner in the state dress revue, was the guest in Chicago of Simplicity Pattern Co. Inc., national donor for the dress revue program. Miss Grenard's congress trip was sponsored by Montgomery Ward, home economics program sponsor.

Miss Binford's award-winning costume was a three-piece sports outfit consisting of a V-neck, pullover vest and skirt of brown Cashmere tweed and a long-sleeved blouse. A derby beaver hat completed the costume. She modeled the ensemble at the National 4-H Dress Revue at the Conrad Hilton hotel, the congress headquarters.

Miss Binford is the daughter of Mr. and Mrs. Harold Binford. In 10 years of 4-H work Miss Grenard has taken 32 exhibits to the State Fair, receiving blue ribbons in food preservation, electric, crafts and home improvement projects.

She passed on her 4-H knowledge to younger 4-Hers as a junior and assistant leader, and even taught her grandmother how to knit.

Now a student at Marion County General Hospital School of Nursing, she is the daughter of Mr. and Mrs. Lester Grenard.

## Bainbridge Lions Hear Prison Head

A very interesting address was enjoyed by the Bainbridge Lions Club Wednesday evening following a delicious steak dinner prepared by Gerald Proctor and Dave Elliott.

Through the sponsorship of the Girl Scout, Warden T. Wade Markley of the Federal Prison at Terre Haute spoke on the importance of "Group Responsibility." He reminded the club that only as we are interested beyond our own personal interests are we able to share in the improvement of our communities, our state, our nation and even the world. He spoke of the need

of youth to share in "Gangs" and that Scout Troops serve this need.

Following his address, many questions related to the work in prison were addressed to him. He invited the club to come down at some future date for a dinner at the prison.

Lion President Paul Smith reported that he has checked on the summer carnival sponsored by the club and it is scheduled for early June. He also announced that Ladies night will be enjoyed on Feb. 19 at Old Trail Inn. Other announcements were made including members to bring pies and be on hand to share in work on Saturday night, Jan. 18, for the "All you can eat" fish fry beginning at 5:00 p.m. in the Lions Den.

## Indiana Traffic Toll Now 35

Two fatal accidents minutes apart Thursday night in Northern Indiana raised the state's 1964 highway toll to at least 35 compared with 41 on this date last year.

Dewey Admiral Day, 7, Elkhart, was killed when a car struck his bicycle on U. S. 33 near Elkhart and, 12 minutes later, Donald C. Cramer, 62 R. R. 5, LaPorte, was killed in a car-truck collision on U. S. 421 near Michigan City.

Franklin Lee Daly, 33, Goshen, told police he suddenly saw the Day boy and his bicycle on the ground in front of his car. He said he was unable to stop in time to avoid running over the boy. Daly said the boy may have been hit by another car earlier.

Cramer was killed instantly when his car crashed into the side of a truck which had pulled into his path from a service station driveway. The truck driver, Archie E. Conn, 49, Tulsa, Okla.,

was treated for minor cuts and was jailed on a drunken driving charge.

## One pint of oysters feeds six!

January brings crisp cold weather, oysters and the desire for new supper party ideas that fit tight budgets. So, here's a thrifty new oyster recipe designed for cold, cold January. It's "Barbecue Scalloped Oysters"—a steaming hot casserole, so economical because six people dine hardly on one pint of oysters extended with zesty barbecue snack wafers. Here's the easy way to prepare it:

### "Barbecue Scalloped Oysters"

60 Sunshine Barbecue Snack Wafers, 2 1/2 of 10 1/2 oz. package	1 pint small oysters
1 cup melted butter or margarine	1/2 cup milk
	1/2 teaspoon salt
	Extra Sunshine Barbecue Snack Wafers for edge, optional

Break wafers coarsely with fingers; toss with melted butter or margarine and set aside. Drain oysters and reserve the liquid. Place about 2/3 crumb mixture in layer in bottom of shallow casserole, about 6 cups capacity; cover with oysters and top with remaining crumbs. Combine oyster liquid with milk and stir in salt; pour evenly over top. If desired slide a few whole wafers around sides to make a scalloped edge. Bake in slow oven (325° F) about 25 minutes, or until completely hot and slightly crusty on top. Yield: 6 servings. (If desired make in six shallow individual bakers.)
